

# Specialized Geriatric and Psychogeriatric Consultation Team

## Our Services

- The Consultation Team meets with seniors for evaluations, treatment and rehabilitation. The type of health professional you meet will depend on your specific needs.
- The service outlet where you will receive care is based on where you live.
- After your evaluations, together we will determine the objectives to help you improve your autonomy.

- Based on various criteria, your evaluation will take place at our offices or at your home.
- During your evaluation, you may need special tests at other centres. If this is the case, a loved one will be asked to accompany you to these appointments.
- When rehabilitation is recommended, the sessions take place two to three times a week at our offices.
- Follow-up and treatment generally last three months.
- Your family physician remains your primary doctor, even during your follow-up with the Consultation Team. At the end of the sessions, our team will send your doctor a summary of our interventions and recommendations for you.

## Your Responsibilities

- Be sure to have your healthcare card with you.
- 
- For exams and treatment, wear clothing that is easy to remove and put back on.
  - Wear sturdy footwear, both in winter and summer. Do not wear shoes with heels or knitted slippers.
  - Bring any walking aids (cane, walker, etc.) you use.
  - Bring your glasses and hearing aid.

## Appointment Cancellation Policy

- Out of courtesy to clients on the waiting list, if you miss two appointments without a valid reason, your file will be closed.
- To cancel an appointment, you must call your service outlet (it is indicated on the back).
- We ask that you be on time for your appointments. If you are late, we cannot guarantee service.

## Transportation

- You are responsible for your own transportation. If you meet certain criteria, you may be able to obtain transportation at a reduced cost.
- If you come by car (yours or someone else's), you may need to pay for parking. Ask us about parking at your first appointment.
